

MULTI-SHIELD 360

OUTDOOR SURFACE PROTECTANT

CORROSION INHIBITOR / ANTI-RUST

RENEWS SURFACES

PLASTIC & RUBBER

LUBRICANT / PENETRANT

POLISH & WAX

LEATHER & VINYL

STAINLESS & FURNITURE

DIRT / SNOW / GRASS / BUGS RELEASE AGENT

ANTI-STATIC

PLEASANT SCENT PLUS ODOR CONTROL AGENT

RENEW & PROTECT ALL OUTDOOR ITEMS

MULTI-SHIELD 360 CREATES A BARRIER THAT SEALS & PROTECTS SURFACES FROM RUST, CORROSION, WATER, UV RAYS & MORE WHILE RENEWING THE LOOK OF THE SURFACE.

PROTECTED SURFACES STAY CLEAN LONGER!

BENEFITS INCREASE WITH MULTIPLE COATS!

MULTI-SHIELD 360 IS ENGINEERED TO REPLACE MANY OTHER SEPARATE PRODUCTS YOU USE TODAY!

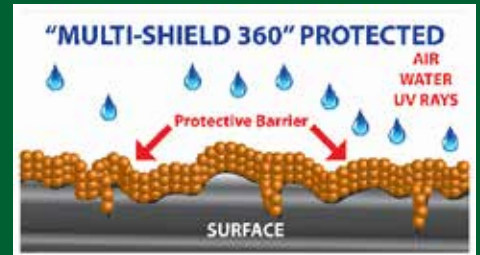

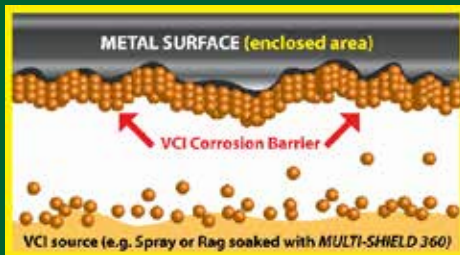

MULTI-SHIELD 360

OUTDOOR SURFACE PROTECTANT

CORROSION INHIBITORS - Emits a vapor in enclosed areas (e.g. grill lid, tool box) that coats surfaces with a 360 degree protective barrier for ongoing rust and corrosion protection.

ANTI-CORROSION BARRIER - Seals & protects surfaces from rust, corrosion, water, UV rays & more while renewing the look of the surface.

CARNAUBA WAX - Super strong, water repellent wax that provides superior shine and durable coating for exceptional protection and finish.

UV PROTECTION - Protective barrier shields against harmful UV rays that accelerate fading and surface damage.

ANTI-RUST - Ultra Anti-Rust formula creates a protective barrier that shields the surface from water and air moisture to block the reactions that lead to rust formation.

HI-TEMPERATURE RELEASE AGENTS - Extreme high temperature release agent (lecithin) and lubricant keeps elements like grass, bugs, snow, and dirt from sticking to surfaces.

PENETRATING OILS - Low-viscosity oil penetrates into narrow spaces to free rusted mechanical parts (e.g. nuts / bolts). Aids as general-purpose lubricant, a cleaner, or and corrosion stopper.

ANTI-OXIDANTS - Inhibits surface aging that produces oxidation leading to surface corrosion, rust, fading and overall damage.

ANTI-STATIC - Anti-static coating keeps surfaces clean longer & attracts less dust.

PLEASANT SCENT PLUS ODOR CONTROL AGENT - Pleasant scent with a powerful odor blocking formula to block unpleasant odors.

NON-TOXIC • LOW VOC • ENVIRONMENTALLY FRIENDLY • NON-FLAMMABLE
